USER'sguide

PREVIEWSworld.com

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

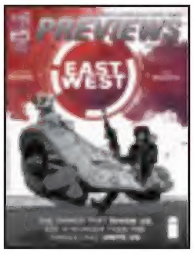
PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.



How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is easy! There are **3** simple ways to order:

1 Use the Short Order Form.

Fill in with the items you'd like to order from this issue.

2 Ask for the companion Customer Order Form.

We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.

Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

Not sure where to find a local comic shop?

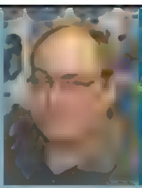
HAPPY NEW YEAR!



EDITOR'S note

Welcome to the launch of ***PREVIEWS'*** 25th year of publication! ***PREVIEWS*** hits the quarter-century mark, and we're just eight months away from our landmark 300th issue! It seems like a million miles away (and a couple of lifetimes as well) that we published the first official issue of ***PREVIEWS*** in 1988, while still in the offices of Bud Plant, Inc. following Diamond's acquisition of Bud's West Coast distribution network… and part of his editorial staff — Editor Steve Bond, and me, the sole copywriter. There were other great folks who helped put together that first issue (Hi Terry!), and I hope that since our parting company, life has been good to all of them.

We've had many ups and downs throughout the 25 years we've published ***PREVIEWS***, and many of you longtime readers will remember the heyday of the Direct Market, when comics sold in the millions, and every cover had something going for it that set it apart… foil, embossing, die-cuts, holograms, stickers, 3D gems… they were crazy days, but you had to admire the amount of effort that went into selling tons of comics.

These days, we can still see some vestiges of those bygone days… variant covers, die-cut covers (I'm looking at you, *Batman Family*!), and its all good. Comics should be fun, and they should offer their readers a pretty package to wrap up all that fine story and art if they can afford it. Thankfully, the crazy speculative market of the past is pretty much behind us, and we live in a new era that puts more emphasis on story and art than bells and whistles… not that I don't enjoy the occasional bell and/or whistle with my comics. I think that's part of what makes comics fun.

And speaking of comics fun, this month we're proud to once again reveal our new crop of titles for FREE COMIC BOOK DAY 2013 on May 4th, 2013! We've got yet another stellar line-up of books, plus the fourth release in our annual Commemorative Artist T-Shirt Series, this time illustrated by *X-Force* and *Avengers: The Children's Crusade* artist, Jim Cheung! You can check out all of the FCBD listings and other merchandise beginning on page 17!

So, welcome to the New Year, and get ready to get ready for Free Comic Book Day 2013 — it's just a few months away!

Your Pal @ ***PREVIEWS***,

Marty

This month's featured creators is...

JOE KEATINGE

Joe Keatinge is a Eisner and Harvey Award-winning comic book writer of Image, Marvel and DC Comics titles including *Hell Yeah*, *Glory*, *Morbius: The Living Vampire*, *The Amazing Spider-Man* and *Intergalactic*. His collaborators have included Michael Allred, Erik Larsen, Rich Elson, Ross Campbell, Andre Szymanowicz, Jim Rugg, Dean Haspiel, Simon Fraser, Joe Infurnari, Michael Cavallaro, Tim Hamilton, George O'Connor and Michel Fiffe. He also writes for the premiere French-language magazine on American comics, *Comic Box*. This all goes down at Portland's Greatest World's Greatest Comics Studio, Tranquility Base.

Joe, how did you go about developing the central hero character in *Hell Yeah* in a way that makes him stand out from other archetypes of the genre?

Some of it comes from life experience. Some of it comes from a lifetime of reading comics. I wanted to have a protagonist who is far from the traditional mold of a guy who fights crime because it's noble or he feels like it should be right. No one in Hell Yeah really wants to save the world, even when they have to. While I absolutely love working with Marvel, I'm also a big fan of having a total blank canvas with the complete freedom to do my versions of what superheroes could be like. *Hell Yeah* was conceived from the ground up, without decades upon decades of history behind it.

Joe Keatinge, what are you currently reading?

BAPTISM OF FIRE

Savage Dragon by Erik Larson. Been my favorite super-hero comic book since 1992.

Pretty Much Everything from Millarworld. I'm a big fan of Mark Millar's rotating superheroes series. I cannot wait for ***Jupiter's Children***.

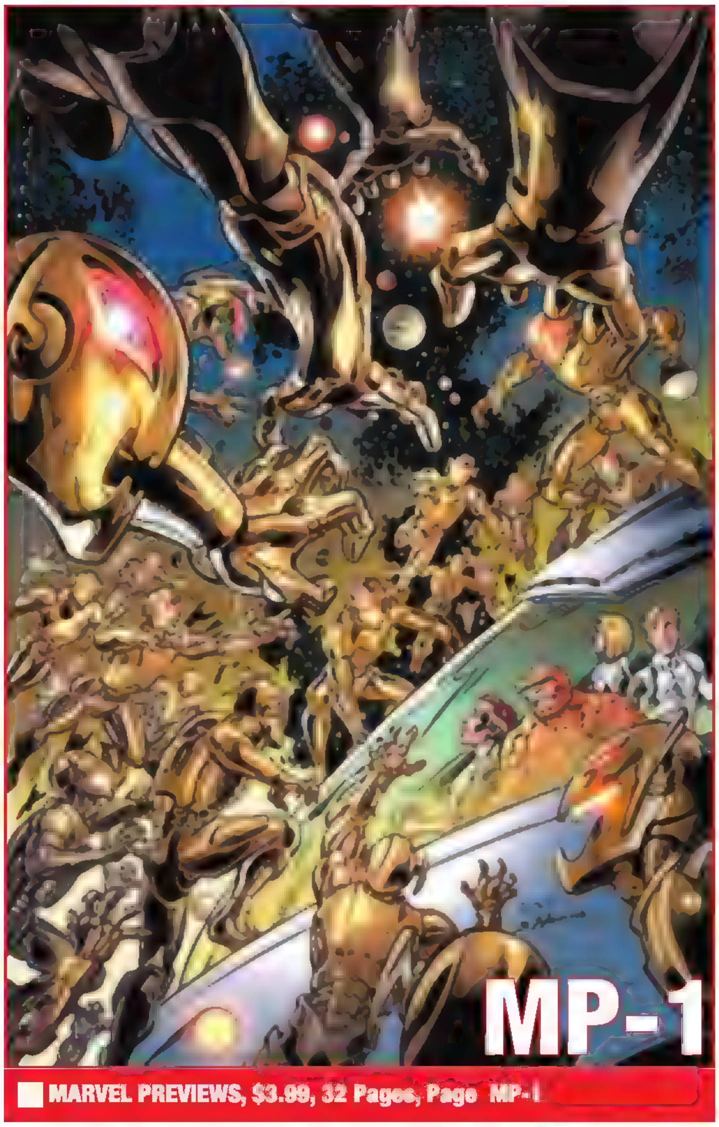
THE MACHINES RISE IN MARCH'S *AGE OF ULTRON*



MARVEL PREVIEWS, $3.99, 32 Pages, Page MP-1

For years Brian Michael Bendis charted the direction of the Marvel Universe, through some of their greatest adventures — *Disassembled, House of M, The Initiative, Dark Reign,* and *Siege*, among others. One story remains to be told, a story that fans have long awaited and that will be as cataclysmic as *Avengers Vs. X-Men — Age of Ultron!*

Years ago, what began as an innocent experiment into artificial intelligence quickly became one of the most dangerous foes the Avengers would ever face. The creation of Hank Pym, Ultron rebelled against its creator and, believing its silicon intelligence superior to any organic intelligence, attempted time and again to conquer the Earth. Each defeat at the hands of the Avengers, however, made Ultron more powerful; it learned from each encounter, it developed stronger and more dangerous bodies with which to attack the Avengers, and it evolved into a greater threat. Someday, the Avengers knew, Ultron would know too much and be too powerful to defeat. On that day, Ultron would be unstoppable.

That day has finally come.

Age of Ultron kicks off this March with art from Bryan Hitch, Carlos Pacheco, and Brandon Petersen. A ten issue, biweekly series, *Age of Ultron* chronicles the Marvel Universe's darkest hour as an unstoppable enemy remakes the world in its twisted, cybernetic image. With the ultimate evolution of Ultron in control of the world and organic life threatened with extinction, the heroes of the Marvel Universe face their most harrowing hour and their greatest challenge!

Sacrifices will be made and heroes will fall, but will it be enough to bring an end to the Age of Ultron? With Bendis, Hitch, Pacheco, and Petersen at the helm, the fate of the Marvel Universe hangs in the balance this March, and no reader will want to miss *Age of Ultron #1*!

HUMANITY'S DAYS MAY BE NUMBERED AS ULTRON TAKES CONTROL OF THE WORLD IN BRIAN MICHAEL BENDIS' LONG-AWAITED EPIC!

■ IMAGE COMICS, $3.50, 40PGS., PAGE 192

With civilization's bonds breaking down, with hope scarce and fading, America is divided as never before. The future seems to offer nothing but decline and decay. The promises of the President of the United States to reverse that course seem like nothing more than ashes and fading dreams.

Somewhere out west, though, a flicker of hope alights. Somewhere out west, in the wastelands, the Four Horsemen of the Apocalypse ride. Somewhere out west, they have a single goal — kill the President of the United States and usher in the future!

The lawless frontier of the wild west meets the Apocalypse in Jonathan Hickman and Nick Dragotta's new Image series, *East of West*! The acclaimed writer of *The Manhattan Projects* creates a new sci-fi western that casts the Four Horsemen of Biblical prophecy as the one hope humanity has for the future — and nothing will stand in their way!

Part western, part science fiction, and all adventure, Jonathan Hickman's *East of West* will take you on one wild ride through the dystopian future that awaits. With civilization on the brink of collapse, only the Four Horsemen of the Apocalpse can make it right. Ride with them on a journey into the wasteland that lies *East of West*!

Fighting cancer isn't just a struggle of the body. It's also a fight with the heart, and the soul, and the spirit. The non-profit organization Elizabeth's Canvas has been helping with that struggle by providing cancer patients, survivors, and their family members with art, photography, dance, and writing classes, at no charge, so that they can better cope with their symptoms and improve their well-being. Elizabeth's Canvas classes are offered inside and outside hospitals, and are grounded in the belief that the creative process can strengthen the spirit and empower the mind.

Now, Elizabeth's Canvas, IDW Publishing and Blastoff have come together to create this graphic novel, in which comic creators from across the industry interview the people behind the struggle with cancer -- the patients, the nurses, the survivors, the researchers -- and tell their stories, tales of defiance, perseverance, dedication and triumph. All proceeds from the sale of the graphic novel will go to further fund and grow Elizabeth's Canvas' efforts.

The adaptation of the hit science fiction/comedy film of the summer, *Iron Sky* follows the fate of Nazis who fled to the moon in 1945, and return in 2018 to conquer the Earth with their armada of flying saucers. With tongue firmly in cheek, the story parodies both the Nazis and more recent political parties and figures, with no holds barred. With special effects and a climactic ending only the Third Reich could deliver, *Iron Sky* is an action packed ride from start to finish.

Welcome to the Land of Ever-Night. Bafflerog Rumplewhisker is an evil wizard, from a long line of evil wizards. It's his job to maintain the darkness spells that keep his corner of Ever-Night as dark and gloomy as the rest of it, and to find the long-lost BOOK OF WORSE, which holds magical spells that can crush the forces of goodness and light forever. There's only one problem–his heart's just not in it. Master storytellers **Kurt Busiek** and **David T. Wenzel** invite you to join Bafflerog and his companions–Gumpwort, an enchanted toad who was once a wizard himself, and Muddle, the third son of a woodcutter who's convinced he'll one day be king–as they make a journey that may mean the end of everything. Or maybe... it could mean something else.

THE THIRD DEGREE

JOE CASEY

What are you working on right now?
SEX, THE BOUNCE, the GØDLAND FINALE. Conveniently, all Image comics. Plus, a bunch of TV shows.

What's the best part of your job?
Actually having it.

What's the worst part of your job?
Listen, if there's a downside to making comicbooks, I haven't found it yet.

How did you first discover comics?
Pretty sure it was seeing Spider-Man on TV and then seeing a comicbook on some 7-11 spinner rack. I put two and two together and got my folks to buy it for me. I was hooked from Day One.

If you weren't working in comics, what would you be doing?
I'd like to think I'd still be making comics. It's kinda like breathing to me.

What's the best thing a fan has ever said to you?
"You're much better looking in person."

Who is the biggest influence on your work?
Can I count myself? Because without me, there would be no work. How's that for existential...?

What is the single work of which you're most proud?
Not so much a single work... more the fact that I've been doing it consistently for the last 15 years.

Own up to one of your guilty pleasures.
Filling out questionnaires like this one. It totally gets me off.

What was the last comic book you bought?
Does BACK ISSUE Magazine count...?

If you could be someone else for a day, who would it be?
I'd be the guy who discovers the secret to immortality.

Pick three things you couldn't live without.
I don't have to pick. They know who/what they are.

What's the strangest thing you have in your house?
Me.

What makes you laugh?
The idea that anyone might actually be reading this...

What is one of your favorite places?
The original Great Escape, Nashville, TN. R.I.P.

What music are you listening to these days?
Lots of loud guitar rock. As usual.

What is your favorite film of all time?
Anyone who can name just one favorite doesn't watch enough films...

Who is your best friend?
That's a bit personal, isn't it...? Don't worry, I have one.

What is the best advice you've ever received?
Never to follow anyone's advice.

When was the last time you were truly frightened?
When I saw how many questions there were on this questionnaire...!

Who is someone you really admire?
Whoever thought of these questions. I can't help but tip my hat to them.

What would you like to see happen in comics in the next 12 months?
That I make more of them.

CHANNEL
EVIL

CHANNEL EVIL TP

Renegade Arts Entertainment

The media sometimes gets a bad reputation for lies, greed and gluttony but, within the pages of *Channel Evil*, we see that things can get a heck of a lot worse when it brings to the surface the kind of evil the human race only knows of in folklore.

Jez Manson is a TV celebrity with his own show and a tendency to say anything he desires. Some would say Jez is evil based on the selfish things he's done, but the ultimate evil has found its way to Jez and its set its sights on him. Through Jez, Hell has found a gate to our world and it begins to slowly eat away at his mind as it searches for the key. Hell begins to manifest itself through Jez and terrible things will all come to a head on live TV.

Like *American Psycho's* Patrick Bateman on a psychological meltdown made famous by Hunter S. Thompson, *Channel Evil* is a visual journey to the point of madness.

HAWKEN: GENESIS

ORIGINAL GRAPHIC NOVEL **HARDCOVER**

(W) JEREMY BARLOW, KHANG LE, & DAN JEVONS
(COV) KHANG LE

Based on Meteor Entertainment's free-to-play, multiplayer shooter *HAWKEN*, an immersive, fast-paced game featuring giant mechs on a technologized world, this original graphic novel serves as both prequel and sourcebook for the game world. It offers players a glimpse of what came before the game, and what might come in the months ahead. *HAWKEN: GENESIS* focuses on the relationship between Rion Lazlo, the man who would be king, and James Hawken, the brilliant inventor who paved the way for Lazlo's success. What begins as a mutually beneficial partnership developing magnificent technology for the planet's largest corporation state devolves into betrayal and conflict that soon leads to a man-made cataclysm that changes the face of the planet forever.

KHANG LE

Creator, HAWKEN

How interconnected are the game and the graphic novel? Will readers and players recognize locations and characters between the two?

Khang Le: Definitely the locations would be more recognizable. There are no characters—well, I guess the mechs are the characters—but we've done as much as we can to integrate the visuals of the maps into the graphic novel. The artists on the comic books have a lot of the 3D assets of the mechs, so they can match it very well.

***HAWKEN: GENESIS* focuses on the downfall of the planet Illal and the events that lead to the war in the video game. How did that story develop?**

KL: Initially, when we made the game we didn't put much thought into the story yet. It was supposed to be a multiplayer game. Because of that, the story derived from the visual style of the game itself. We have this sort of giga-structure, nano-virus-looking thing in the game. And just looking at it, I thought we could imagine this virus expand upon the world of Illal very slowly, choking the planet. It wouldn't be immediate, it's more like the movie *The Road*, where things just sort of end very slowly. It's not an apocalypse in a day or a week; it would take years, a slow death of the planet. All these ideas were derived from the virus that was in the game, so we built the story around the visuals that we had.

What is it like seeing your creations interpreted by so many different artists?

KL: It's really awesome. When we set out to do this game, we didn't really have a big vision like this, like how it is now. To see it grow into such a big medium—games, graphic novels, webisodes, things like that…toys even—it's really awesome to see how people interpret the world of ***HAWKEN***. We have a bible set up to keep everything in line to make sure everything is cohesive and connected. I just love how everyone brings his or her own flavor into this world we created. One of my favorite graphic artists is Bill Sienkiewicz, and it's just a huge honor having him work on ***HAWKEN***. ■

Five years ago, Arjun Kadam was a rising star in the ranks of the Mumbai Encounter Squad—an elite unit tasked by the powers that be to carry out extrajudicial executions of notorious gangsters. However, the death of his pregnant wife at childbirth derailed his life and set him off on a spiral of depression and drug addiction. When Kadam is the victim of a hit-and-run, he falls into a coma for a month. Upon waking up, he finds a new sense of purpose and pursues the investigation into the identity of the driver after the cops close the case due to a lack of leads. His investigation takes him on a journey through the deep, dark heart of Mumbai, where the line between the police and the criminals has been blurred by his ex-colleagues on the Encounter Squad. Obsessed with his mission, Kadam sets off a desperate game of intrigue and deception that pits him against the very machine of violence and corruption he once helped create. Includes a collection of illustrated short stories.

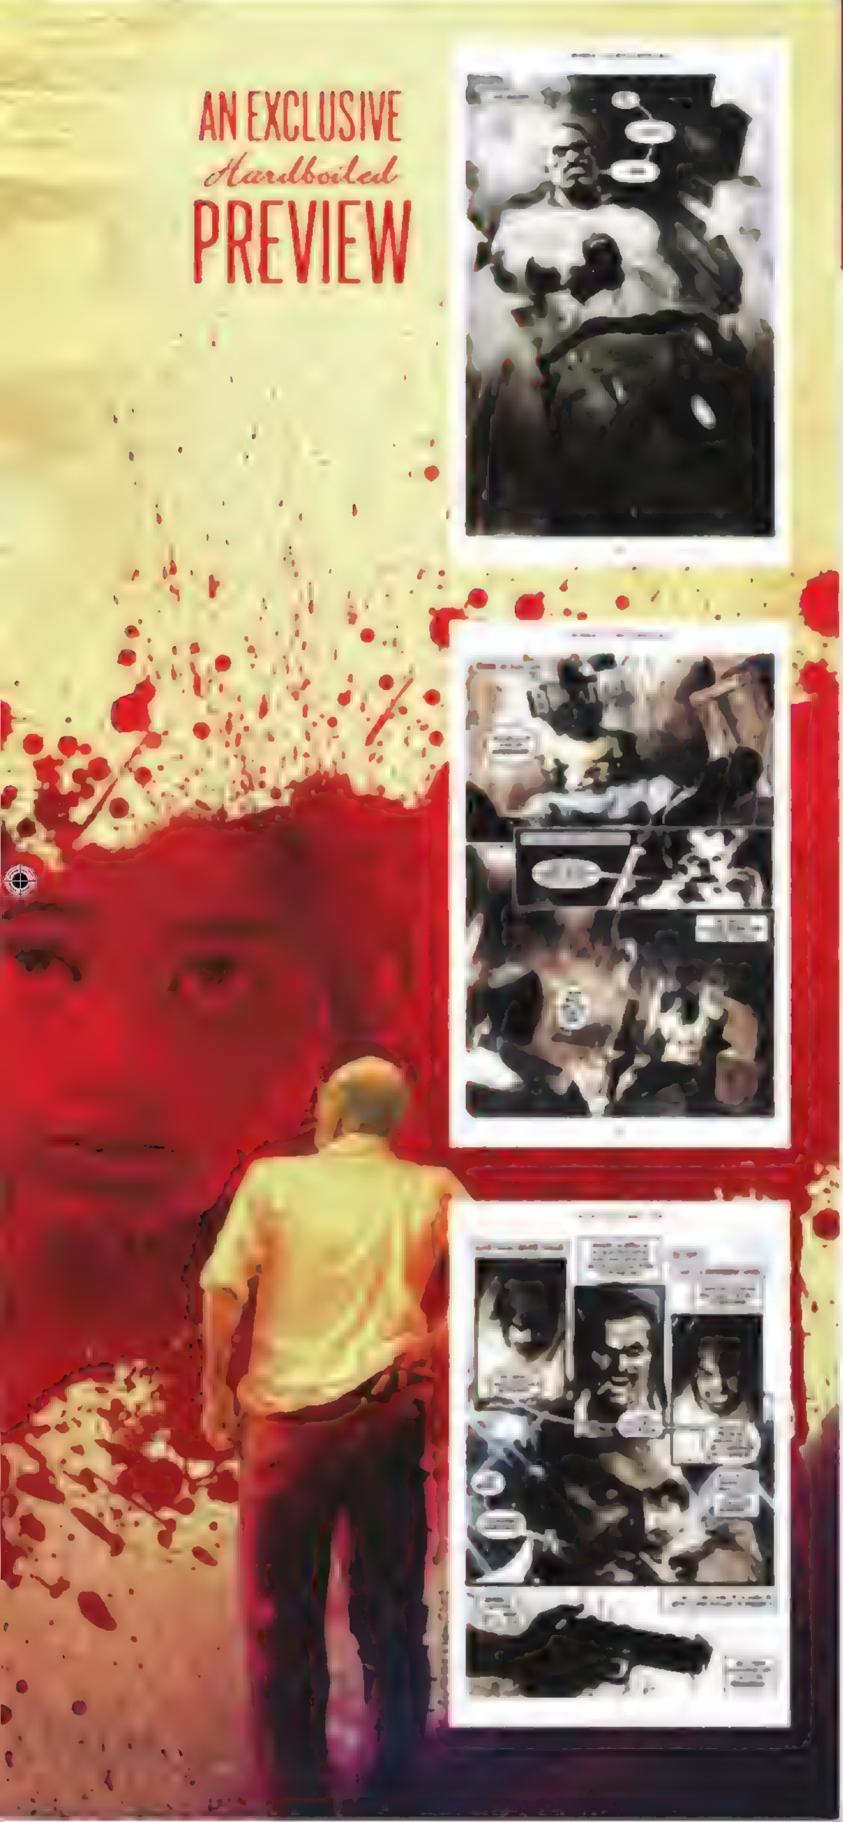
AN EXCLUSIVE *Hardboiled* PREVIEW



creator spotlight

SAURAV MOHAPATRA

Writer, Mumbai Confidential

What inspired you to create *Mumbai Confidential*?

Saurav Mohapatra: *Mumbai Confidential* is quite simply the hardboiled crime-noir movie I got tired of waiting for. I've been a big fan of western crime fiction like the stories of Spillane, Chandler, and Hammett. (I actually snuck those books inside schoolbooks in "Civics" to avoid my teachers and parents from finding out. Somehow, no one checks a Civics book.) And, I grew up watching the very Indian phenomenon of "Encounter Cops" unfold before me. So, ***MC*** is a love song to all of those, combining the two often-repeated dictums for writers: Write what you know, write what you love!

Why did you choose to set the story in Mumbai specifically?

SM: I lived in Mumbai for a short time in 1996. The city overwhelmed me. The closest I've come to that feeling is when I saw New York for the first time. It's such a great prism. I mean, you can set a story about a man eating a sandwich in Mumbai, and instantly it becomes exponentially more interesting. Crime noir deals in universal themes—the loser, double crosses, the faceless machine, the femme fatale—but setting it in Mumbai allowed me to take those dials up to 11, by adding an exquisite twist to it, making it strange and familiar at the same time to the readers. Plus, the "Encounter Cop" phenomenon is uniquely Mumbai. I believe Vivek and I pitched it to Archaia as *Sin City* meets *Slumdog Millionaire*.

What kind of research did you do when writing *Mumbai Confidential*?

SM: For the base material about the Mumbai underworld and Encounter killings, I drew on newspaper headlines, books about the Mumbai underworld, the movies of Anurag Kashyap and Ram Gopal Verma like *Satya*, *Company*, and the seminal "Encounter Cop" movie, *Ab Tak Chhappan* by Shimit Amin. I was in college when this period of Mumbai's history was unfolding. So in a way, this was my most immediate mythology. That being said, ***MC*** is a throwback to the era of hardboiled crime fiction, so "research" also involved a ton of reading of seminal books like *L.A. Confidential*, *White Jazz*, the Mike Hammer stories, and watching movies like *Chinatown*, *Johnnie To's Exiled*, and a lot of others. ■

FANNY & ROMEO

Conundrum Press

The best and most interesting portraits of troubled relationships are the ones that understand both parties can mean well and behave badly. *Fanny & Romeo* injects this formula with a shot of gentle absurdity by creating a love triangle between a commitment-phobic realtor, his dependent designer girlfriend, and a cat.

Fanny loves Romeo the cat but Fabien is severely allergic. Before long they're having blow-out fights, and their childish "solutions" to the ongoing argument—he kidnaps the cat, she rents it a separate apartment—just add fuel to the fire. The escalating situation is hilarious and a bit painful for anyone who's been angry enough to do truly ridiculous things. As Fabien and Fanny push each other away, they're faced with the ludicrous possibility that this may be the end of their relationship.

Fanny & Romeo is a fair and funny addition to the halls of the compassionate he-said, she-said. It's a story about how our trivial fights are actually about big issues, and how love can surprise us in strange ways.

CROSSED: VOLUME FIVE

Journey back to the earliest days of the Crossed plague, when an outbreak of viral insanity first plunged an unsuspecting world into darkness, in two tales scribed by the masters of modern horror, David Lapham and David Hine! But when the Crossed infection ignites at a local circus, perhaps it's that very same cowardice that will save him in the end! Meanwhile, a group of self-centered and hedonistic college kids head to a writers retreat to explore their inner selves... but end up surrounded by berserk killers. What depths will they sink to in order to survive? This volume collects Crossed: Badlands #10 - 18.

THE FIRST ARC OF THE SMASH HIT ENDS HERE! Factions have formed. Lines have been drawn. And now, violence has spilled outside of the arena, as all hell breaks loose in the deathmatch prison.

Written by industry legend Paul Jenkins (SENTRY, INHUMANS) and drawn by comics superstar Carlos Magno (PLANET OF THE APES, TRANSFORMERS), DEATHMATCH is a dark, psychological deconstruction of the superhero genre that can't be missed.

KiTARO
SHIGERU MIZUKI

KITARO GN

(W/A/CA) Shigeru Mizuki

Meet one of Japan's most popular characters of all time — the one-eyed monster boy Kitaro. He's just like any other boy, except for a few small differences: he only has one eye, his hair is as an antenna that senses paranormal activity, his geta sandals are jet-powered, and he can blend in to his surroundings like a chameleon. Oh, and he's a three hundred and fifty year old yokai (spirit monster). With all the offbeat humor of an Addams Family story, Kitaro is a light-hearted romp where the bad guys always get what's coming to them. Kitaro is bestselling manga-ka Shigeru Mizuki's most famous creation. The Kitaro series was inspired by a kamishibai or paper theatre entitled Kitaro of the Graveyard. Mizuki's series was created in 1959, and first appeared in Shonen comics magazine for boys, but quickly became a cultural landmark for young and old alike. Kitaro inspired half a dozen TV shows, plus numerous video games and films, and its cultural importance cannot be overstated. Presented to North American audiences for the first time in this lavish format, Mizuki's photo-realist landscapes and cartoony characters blend the eerie with the comic. (STK524773)

YOU'RE ALL JUST JEALOUS OF MY JETPACK HC

(W/A/CA) Tom Gauld

A new collection from The Guardian and New York Times Magazine cartoonist

New York Times Magazine cartoonist Tom Gauld follows up his widely praised graphic novel Goliath with You're All Just Jealous of My Jetpack, a collection of cartoons made for The Guardian. Over the past eight years, Gauld has produced a weekly cartoon for the Saturday Review section of Britain's most well regarded newspaper. Only a handful of comics from this huge and hilarious body of work have ever been printed in North America – exclusively within the pages of the prestigious Believer magazine. You're All Just Jealous of My Jetpack distils perfectly Gauld's dark humor, impeccable timing, and distinctive style. Arrests by the fiction police and fictional towns designed by Tom Waits intermingle hilariously with piercing observations about human behavior and whimsical imaginings of the future. Again and again, Tom Gauld reaffirms his position as a first rank cartoonist, creating work infused with a deep understanding of both literary and cartoon history. (STK524777) (C: 0-0-1)

GOLIATH HC

(W/A/CA) Tom Gauld

Goliath of Gath isn't much of a fighter. Given half a choice, he would pick admin work over patrolling in a heartbeat, to say nothing of his distaste for engaging in combat. Nonetheless, at the behest of the king he finds himself issuing a twice-daily challenge to the Israelites. Day after day he reluctantly repeats his speech, and the isolation of this duty gives him the chance to banter with his shield-bearer and reflect on the beauty of his surroundings. This is the story of David and Goliath as seen from Goliath's side of the Valley of Elah. Goliath's battle is simultaneously tragic and bleakly funny, as bureaucracy pervades even this most mythic of figures. (STK456167)

NONNONBA GN

(W/A/CA) Shigeru Mizuki

NonNonBa is the definitive work by acclaimed Gekiga-ka Shigeru Mizuki, a poetic memoir detailing his interest in *yokai* (spirit monsters). Within the pages of *NonNonBa*, Mizuki explores the legacy left him by his childhood explorations of the spirit world, explorations encouraged by his grandmother, a grumpy old woman named NonNonBa. *NonNonBa* is a touching work about childhood and growing up, as well as a fascinating portrayal of Japan in a moment of transition. *NonNonBa* was the first manga to win the Angouleme Prize for Best Album. FALLEN WORDS GN

(W/A/CA) Yoshihiro Tatsumi

In *Fallen Words*, Yoshihiro Tatsumi takes up the oral tradition of *rakugo* and breathes new life into it by shifting the format from spoken word to manga. Each of the eight stories in the collection is lifted from the Edo-era Japanese storytelling form. As Tatsumi notes in the afterword, the world of rakugo, filled with mystery, emotion, revenge, hope, and of course, love, overlaps perfectly with the world of gekiga that he has spent the better part of his life developing. These stories resonate with modern readers thanks to their comedic elements and familiarity with human idiosyncrasies. Tatsumi's love of wordplay shines through in the telling of these whimsical stories, and yet he still offers timeless insight into human nature. (STK460062)

Thirty years before the advent of the literary graphic novel movement in the United States, Yoshihiro Tatsumi created a library of comics that draws parallels to modern prose fiction and today's alternative comics. The stories collected in *The Push Man* are simultaneously haunting, disturbing, and darkly humorous. A lone man travels the country, projecting pornographic films for private individuals while attempting to maintain a normal home life. ABANDON THE OLD IN TOKYO

ABANDON THE OLD IN TOKYO TP
(W/A/CA) Yoshihiro Tatsumi
Abandon the Old in Tokyo continues to delve into the urban underbelly of 1960s Tokyo, exposing not only the seedy dealings of the Japanese everyman but Yoshihiro Tatsumi's maturation as a storywriter. Many of the stories deal with the economic hardships of the time and the strained relationships between men and women, but do so by means of dark allegorical twists and turns. A young sewer cleaner's girlfriend has a miscarriage and leaves him when he proves incapable of finding higher paying work. (STK460064)

GOOD-BYE

GOOD-BYE TP
(W/A/CA) Yoshihiro Tatsumi
Drawn in 1971 and 1972, these stories expand Yoshihiro Tatsumi's vocabulary for characters contextualized by themes of depravity and disorientation in twentieth-century Japan. Some of the tales focus on the devastation the country felt as a result of World War II: in one story a man devotes twenty years to preserving the memory of those killed at Hiroshima, only to discover a horrible misconception at the heart of his tribute. Tatsumi's characters muddle through isolated despair and fleeting pleasure to live out their darkly nuanced lives. (STK460067)

THE SECRET HISTORY OF MARVEL COMICS: JACK KIRBY AND THE MOONLIGHTING ARTISTS AT MARTIN GOODMAN'S EMPIRE

Fantagraphics Books

In the days before Marvel Comics was its own company, they were part of Cadence and Magazine Management, publishers of "men's" magazines that were the *Cinemax after Dark* of their day and scandal magazines that would do TMZ and Jerry Springer proud. In Fantagraphics Books' *The Secret History of Marvel Comics* we see the House of Ideas at its foundation. Martin Goodman started in the pulp era with titles like *Marvel Super Science* and *Marvel Tales* with artists such as Jack Kirby. Then there were the men's magazines featuring covers with women as scantily clad as they could get away with at that time.

An artist could come into New York looking for a comic book script but could end up illustrating scenes of torture in POW camps for one of Goodman's other publications. Artists well known to comic book fans today such as Joe Simon, Jack Kirby, Bill Everett, king of the fold-in's Al Jaffee, Standard/Nedor cover artist Alex Shomburg, and top Archie artist Dan DeCarlo illustrated these works. The men's magazines and pulp covers gave extra exposure to the talents of artist like Frank R. Paul, Hans Wesso, and *Mars Attacks* artist Norman Saunders. Those publications also featured writers like Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard.

In *The Secret History of Marvel Comics: Jack Kirby and the Moonlighting Artists at Martin Goodman's Empire* you will find rare pieces of comic art, pulp and magazine history that is part of Marvel Comics' unseen history.

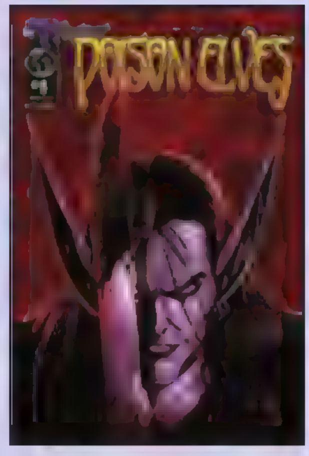
DREW HAYES' POISON ELVES #1

Ape Entertainment



Don't call it a comeback! Seriously. *Poison Elves*, the titular work of Drew Hayes, returns. This is not a reprint, a side story, or a one-shot. This is an ongoing continuation of the original series!

Hayes, while often compared to independent comics legend Dave Sim of *Cerebus* fame, did not have the opportunity to enjoy the same lengthy career due to his untimely death in March of 2007 to a heart attack.

Life was not kind to main character Lusiphur Malache. As an orphan, he was raised by a family who owned an inn in the town of Port Sarnwog. After losing their business in a fire Lusiphur's mother is forced into prostitution and eventually paralyzed during a brutal attack by a patron. She begs her adopted son to help her commit suicide to end her suffering and orphaning Lusiphur again, sending him tumbling towards a life of organized crime.

From Ape Entertainment, *Poison Elves* will once again be showcased in black and white. Issue #1 features an incentive cover by *Strangers in Paradise* artist Terry Moore!

THE SECRET HISTORY OF MARVEL COMICS: JACK KIRBY AND THE MOONLIGHTING ARTISTS AT MARTIN GOODMAN'S EMPIRE

Fantagraphics Books

THE SECRET HISTORY OF
MARVEL COMICS

In the days before Marvel Comics was its own company, they were part of Cadence and Magazine Management, publishers of "men's" magazines that were the *Cinemax after Dark* of their day and scandal magazines that would do TMZ and Jerry Springer proud. In Fantagraphics Books' *The Secret History of Marvel Comics* we see the House of Ideas at its foundation. Martin Goodman started in the pulp era with titles like *Marvel Super Science* and *Marvel Tales* with artists such as Jack Kirby. Then there were the men's magazines featuring covers with women as scantily clad as they could get away with at that time.

An artist could come into New York looking for a comic book script but could end up illustrating scenes of torture in POW camps for one of Goodman's other publications. Artists well known to comic book fans today such as Joe Simon, Jack Kirby, Bill Everett, king of the fold-in's Al Jaffee, Standard/Nedor cover artist Alex Shomburg, and top Archie artist Dan DeCarlo illustrated these works. The men's magazines and pulp covers gave extra exposure to the talents of artist like Frank R. Paul, Hans Wesso, and *Mars Attacks* artist Norman Saunders. Those publications also featured writers like Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard.

In *The Secret History of Marvel Comics: Jack Kirby and the Moonlighting Artists at Martin Goodman's Empire* you will find rare pieces of comic art, pulp and magazine history that is part of Marvel Comics' unseen history.

THE COMPLETE DON QUIXOTE GN

(W) Miguel De Cervantes, Rob Davis
(A/CA) Rob Davis
More than four hundred years ago Spanish author Miguel de Cervantes (1547-1616) sent his irrepressible optimist of a hero out to tilt at windmills — and Don Quixote and his philosophical squire, Sancho Panza, still remain among the world's most popular and entertaining literary figures. In this adaptation of the Cervantes' classic, Rob Davis uses innovative paneling and an interesting palette to bring the Knight-Errant to life. This is sequential storytelling and art at its finest as we follow Don Quixote on his search for adventure and chivalrous quests — and he will not be defeated by foes such as logic, propriety, or sanity! OWLY & WORMY HC'S

(W/A/CA) Andy Runton
(A) Andy Runton

Owly and Wormy want some butterflies. But when they come home from the nursery with a plant that will attract some fluttering friends, all that shows up are fat, green bug things. Bug things are not butterflies! But, they are nice and fun and good at sleep outs under the stars and always up for a game of checkers. But, the bug things can't stay. When the bugs build their cocoons, Owly and Wormy think they have no friends left. Only one day, their dreams for butterflies friends come true! Bold, graphic and full of fun, this wordless storybook will give pre-readers the wings they need to start reading on their own, and a firm footing on the idea of metamorphosis. (STK432599)

O/A MATT BAKER ART OF GLAMOUR HC

(W) Jim Amash (A) Matt Baker

In the early 1940s, Matt Baker became of one the earliest African-American comic book artists. But it wasn't the color of his skin which made him such a significant figure in the history of the medium. Imagine Dave Stevens or Adam Hughes working in the '40s, drawing a new story every month, and you'll have a good idea of Matt Baker's place in the industry throughout his career. Yet few of today's comic book fans know of the artist or his work, because he died in 1959 at the young age of 38, just as the Silver Age of Comics was bringing in a new generation of readers. Crowned "the high prince of Lowbrow," Mark Ryden has become a fixture of the contemporary alternative art movement. In his newest work, *Mark Ryden: The Gay 90's*, the artist casts his skewed perspective toward the turn of the 19th-century with creepy yet beautiful works. With masterful painting technique and disquieting content, Ryden's newest paintings display his fascination with the earnest kitsch found in popular art of the end of the 1800s, yet reinforces how his paintings now more than ever are a skewering of both historical and current pop cultural touchstones. (W) Thierry Groensteen
This book is the follow-up to Thierry Groensteen's ground-breaking *The System of Comics*, in which the leading French-language comics theorist set out to investigate how the medium functions. He tests out his theoretical framework by bringing it up against cases that challenge it, such as abstract comics, digital comics and shojo manga, and offers insightful reflections on these innovations. DEAD SPACE 3

DEAD SPACE ISAAC CLARKE - ARTFX STATUE

The next hit video game series to join Kotobukiya's ranks of ARTFX statues is the epic **Dead Space**. The first game was released in 2008, introducing players to the horror/science-fiction setting where you must fight and dismember Necromorphs to stay alive. That game was followed up by a sequel in 2011, and Dead Space 3 is set to release in February 2013. Making his stunning ARTFX debut in his look from that game is the main player character **ISAAC CLARKE**! Isaac wears his iconic Resource Integration Gear suit, complete with slitted facemask, with new alterations for the third game and its arctic setting. The coolest part of Clarke's look has always been the energy glow of his mask and other components, and Kotobukiya has recreated that with LED lights in the statue's helmet, backpack, and glove! There's even a ball-joint in the hero's neck so you can pose him to your liking. Sculpted by MIC, Isaac Clarke stands nearly 12 ½ inches tall (1/6 scale) on an amazing snow terrain display base complete with the bloody remains of the last Necromorph!

With his band of heroes and demi-gods, Jason set sail on a journey across the known world. During their quest, the Argonauts faced numerous challenges and, of course, the fickle will of the gods in Olympus. LISTEN TO ME, GIRLS. I AM YOUR FATHER! THE COMPLETE COLLECTION

But since his sister Yuri raised Yuta by herself after their own parents' deaths, what kind of brother would Yuta be if he didn't take in her three children when Yuri and her husband disappear? Of course, the fact that Yuta's a nineteen-year-old college student, living in a tiny apartment, with three girls — two of whom aren't related by blood — is bound to cause some issues. Especially when the eldest girl, Sora, is harboring a secret crush on him and would be quite happy if Yuta's social life revolved around the "family", while middle sister Miu is starting to make noises about "older men" as well. Did we mention that it's a really, *really* small apartment? Add Raika, the girl Yuta actually likes, as a smoldering fuse and the question isn't IF Yuta's home sweet home is a powderkeg, but rather when it's going to explode (and how often)! Oddly enough, for such an infamous fugitive, there's no proof that he's ever taken a life. In fact, he's a pacifist with a doughnut obsession who's more doofus than desperado. There's a whole lot more to him than his reputation lets on — Vash the Stampede definitely ain't your typical outlaw. (STK474440) (C: 0-1-2)

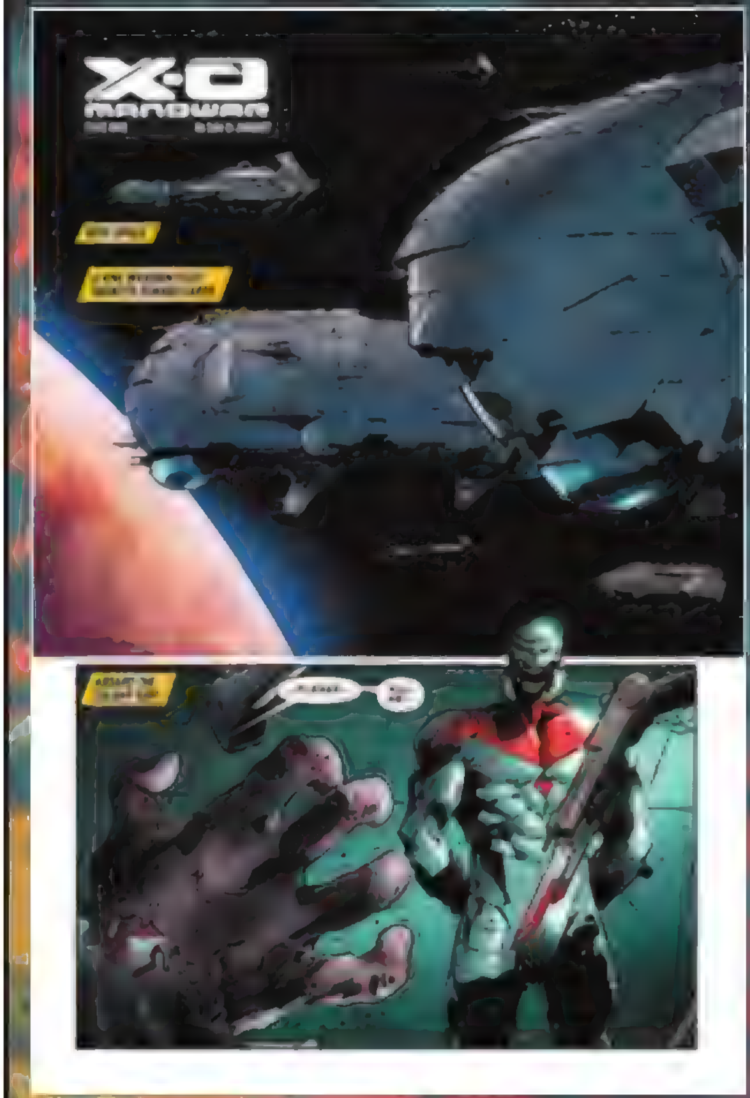
JOURNEY TO PLANET DEATH:

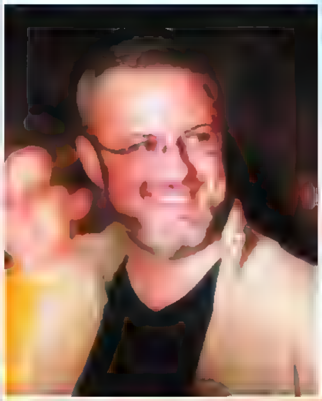
ROBERT VENDITTI INTERVIEW



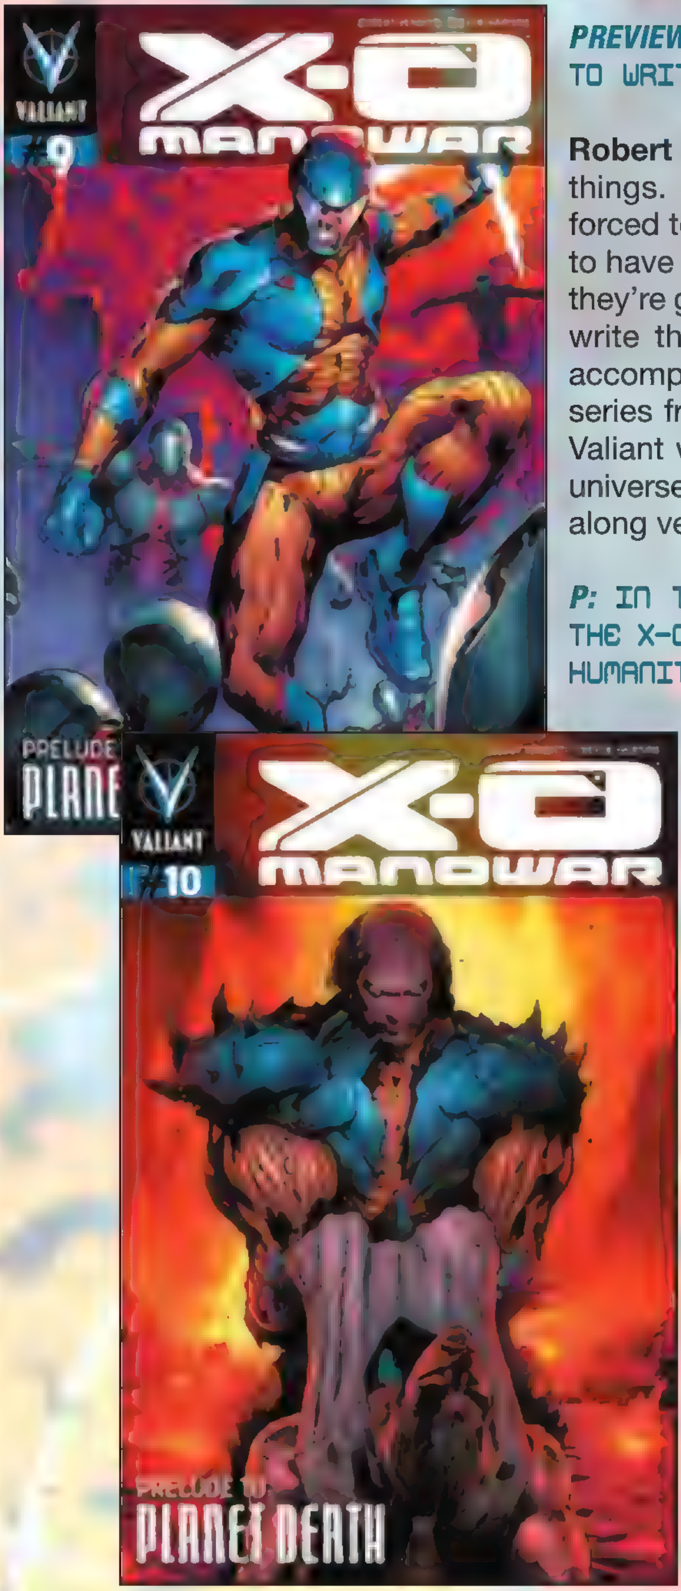
Valiant Entertainment is on the verge of something big. In January they will begin ***Planet Death*** — a six-part modern epic that will see *X-O Manowar* attempt to save Earth from an alien onslaught by mounting a one-man invasion of The Vine homeworld!

The epic begins with the two-part "Prelude to Planet Death" in *X-O Manowar* #9 (NOV121333) and #10 (DEC121266) by *New York Times* best-selling author Robert Venditti (*The Surrogates*) and comics superstar Trevor Hairsine (*X-Men: Deadly Genesis*)! Then, the invasion begins in full force with *Planet Death* Part 1 in *X-O Manowar* #11 (see page 342 of this issue!), featuring the triumphant return of Eisner Award-winning artist Cary Nord (*Conan*)!

We caught up with Robert Venditti to get all the details on *Planet Death* before it begins...



FLIP*side*



PREVIEWS**: DESCRIBE WHAT IT HAS BEEN LIKE FOR YOU TO WRITE THE *X-O MANOWAR* SERIES FOR VALIANT?**

Robert Venditti: When I take on a project, I hope for two things. First, I want to be challenged as a writer, to be forced to work outside my comfort zone. Second, I want to have fun — every writer has a limited number of words they're going to write in their lifetime, so you might as well write things you enjoy. ***X-O Manowar*** has more than accomplished those two things for me. To get to build a series from the ground up, to get to work with the other Valiant writers and Warren Simons on shaping an entire universe, those aren't the kinds of opportunities that come along very often.

P: **IN THE COMIC, ARIC OF DACIA HAS BONDED WITH THE X-O MANOWAR ARMOR, THE VINE WANT IT BACK AND HUMANITY HANGS IN THE BALANCE. TELL US ABOUT THE VINE AND WHY ARIC IS SUCH A THREAT?**

RV: Aric isn't just a threat to the Vine solely because of the raw power he wields as a result of his bond with the Manowar armor. The very idea of him — a human wearing the Vine's most sacred relic — is a threat to the Vine's entire culture. They've been waiting since longer than any of them can remember for a Vine soldier to be chosen by the armor, and now a 5th Century Visigoth has come along and filled that void. The Vine aren't quite sure what that means, but they know it isn't good.

P: **THE SIX-PART *PLANET DEATH* STORYLINE IS OFFERED FOR MARCH RELEASE THIS MONTH. BUT LET'S FIRST TALK ABOUT WHAT WE CAN EXPECT IN THE *PRELUDE TO PLANET DEATH* WHICH RUNS THROUGH X-O MANOWAR #9 AND #10. ANY NEW CHARACTERS INTRODUCED?**

RV: No new characters in those two issues, but there will be major changes for just about every character we've seen so far. Actually, I think it's *every* character. Every single primary character in the series will leave Issue #10 vastly different from how they were at the beginning of Issue #9. Some of them won't leave Issue #10 at all...

P: PLANET DEATH PART 1 THEN BEGINS IN MARCH WITH *X-O MANOWAR #11.* WHAT YOU CAN YOU TELL US ABOUT THE INVASION? WILL WE BE SHOCKED?

RV: We have some big twists in store, and some even bigger revelations. These are plot elements that we've been building up to since the opening pages of the series. A lot of questions are going to be answered, but just as many new questions will be raised.

P: HOW HAS IT BEEN WORKING WITH MULTIPLE ARTISTS LIKE CARY NORD, TREVOR HAIRSINE AND LEE GARBETT?

RV: It's an embarrassment of riches, really. These guys are all amazing storytellers at the tops of their games, and they each bring something unique to the page. To be writing stories for all three of them at the same time is surreal.

P: ANYTHING ELSE YOU WANT TO TELL US ABOUT THE FUTURE OF *X-O MANOWAR?*

RV: ***Planet Death*** is the big payoff of the series' first long-form storyline. We're putting all of our effort into it, and we're leaving nothing on the table. I hope readers enjoy it as much as we're enjoying creating it, because we're having a blast!

POISON ELVES
#1

DREW HAYES' POISON ELVES #1

Ape Entertainment

Don't call it a comeback! Seriously, *Poison Elves*, the titular work of Drew Hayes, returns. This is not a reprint, a side story, or a one-shot. This is an ongoing continuation of the original series.

Hayes, while often compared to independent comics legend Dave Sim of *Cerebus* fame, did not have the opportunity to enjoy the same lengthy career due to his untimely death in March of 2007 to a heart attack.

Life was not kind to main character Lusiphur Malache. As an orphan, he was raised by a family who owned an inn in the town of Port Samwog. After losing their business in a fire Lusiphur's mother is forced into prostitution and eventually paralyzed during a brutal attack by a patron. She begs her adopted son to help her commit suicide to end her suffering and orphaning Lusiphur again, sending him tumbling towards a life of organized crime.

From Ape Entertainment, *Poison Elves* will once again be showcased in black and white. Issue #1 features an incentive cover by *Strangers in Paradise* artist Terry Moore.

CROSSED #25

Avatar Press

These days, everyone is all about zombies and the zombie apocalypse. Well, in the *Crossed* series you won't find any zombies but there sure is an apocalypse going on. No one knows what is happening to all the people but they know they are not who they were nor will they ever be normal again for there is no cure.

In this new story arc writer Garth Ennis returns to his creation. That name alone should be enough to make you want to pick this comic up and give it a read. This comic is not for the weak or faint of heart but if you are into horror, gore, and lots of craziness this is the perfect comic for you.

So do yourself a favor and get to your local comic shop for Crossed C-Day 2013!

THE SECRET HISTORY OF
MARVEL COMICS
JACK KIRBY & THE MOONLIGHTING ARTISTS AT MARTIN GOODMAN'S EMPIRE

THE SECRET HISTORY OF MARVEL COMICS: JACK KIRBY AND THE MOONLIGHTING ARTISTS AT MARTIN GOODMAN'S EMPIRE

Fantagraphics Books

In the days before Marvel Comics was its own company, they were part of Cadence and Magazine Management, publishers of "men's" magazines that were the *Cinemax after Dark* of their day and scandal magazines that would do TMZ and Jerry Springer proud. In Fantagraphics Books' *The Secret History of Marvel Comics* we see the House of Ideas at its foundation. Martin Goodman started in the pulp era with titles like *Marvel Super Science* and *Marvel Tales* with artists such as Jack Kirby. Then there were the men's magazines featuring covers with women as scantily clad as they could get away with at that time.

An artist could come into New York looking for a comic book script but could end up illustrating scenes of torture in POW camps for one of Goodman's other publications. Artists well known to comic book fans today such as Joe Simon, Jack Kirby, Bill Everett, king of the fold-in's Al Jaffee, Standard/Nedor cover artist Alex Shomburg, and top Archie artist Dan DeCarlo illustrated these works. The men's magazines and pulp covers gave extra exposure to the talents of artist like Frank R. Paul, Hans Wesso, and *Mars Attacks* artist Norman Saunders. Those publications also featured writers like Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard.

In *The Secret History of Marvel Comics: Jack Kirby and the Moonlighting Artists at Martin Goodman's Empire* you will find rare pieces of comic art, pulp and magazine history that is part of Marvel Comics' unseen history.

FANNY & ROMEO

Conundrum Press

The best and most interesting portraits of troubled relationships are the ones that understand both parties can mean well and behave badly. *Fanny & Romeo* injects this formula with a shot of gentle absurdity by creating a love triangle between a commitment-phobic realtor, his dependent designer girlfriend, and a cat.

Fanny loves Romeo the cat but Fabien is severely allergic. Before long they're having blow-out fights, and their childish "solutions" to the ongoing argument—he kidnaps the cat, she rents it a separate apartment—just add fuel to the fire. The escalating situation is hilarious and a bit painful for anyone who's been angry enough to do truly ridiculous things. As Fabien and Fanny push each other away, they're faced with the ludicrous possibility that this may be the end of their relationship.

Fanny & Romeo is a fair and funny addition to the halls of the compassionate he-said, she-said. It's a story about how our trivial fights are actually about big issues, and how love can surprise us in strange ways.

CURSES! FOILED AGAIN

:01 First Second

Reading like a novel from Jim Butcher's *Dresden Files* series, *Curses! Foiled Again* is the sequel to 2010's *Foiled*. Writer Jane Yolen combines her knowledge of Olympic fencing, urban fantasy, and throws in a compelling mystery to sweeten the pot. Aliera Carstairs must juggle high school, parents, and manage her new troll bodyguard all while meting out justice to a hoard of mythical beasties by way of her enchanted fencing foil.

As a foil fencer just starting to test the waters of competitive fencing I couldn't resist picking this book up. Fencing is a very anonymous sport. Our faces are always hidden behind protective masks during bouts and it is exceptionally rare to find televised tournaments outside of the Olympics. *Curses! Foiled Again* brings attention to the sport and offers up a compelling coming of age story that kept me glued to the book until the end.
